President's report A.K.A.

The Thomson Tribune

Well Legends, I believe we can put the 40th Presidential in the record books as one of the hottest ever! In addition to all the hot and amazing cars that were there, I'm certain that quite a few of us went home with sunburn. I know I sure did! Township in Legacy is an amazing place to hold a show, but there certainly isn't very much shade to be had! We'll have to wait another 20 years for those scrawny little trees to grow! Good thing there was an air-conditioned bar right there, otherwise I wouldn't have made it.

With approx. 140 cars in attendance, which included a bunch of Thunderbirds and an impressive lineup of trucks, we believe it was a huge success. Unfortunately, although we did not see any of the 64 -1/2 Mustangs, there was an amazing selection in each remaining class. It sure made voting difficult as there were some amazing cars there. From Eric's original Shelby, a just completed 1970 Mach 1, Russel's beautiful '34 Tudor, and a 2024 Dark Horse in the best possible color, there was so much eye candy to behold. Somehow a guy with a rusty 'ol rat rod Chevrolet pickup truck made it past the gate and got parked with the trucks, although in our defense, it wasn't recognizable as any marque until you saw the GM badge on the firewall,

even tho the small block 350 with the dizzy in the wrong spot should have been the first clue. Haha, guy had a good laugh after realizing it was an all-Ford show and still stuck around for a while. Ironically, it was the only other vehicle to mark its territory on the asphalt in addition to Gary blowing his power steering hose. Damn Chev. Was really impressed by the turnout of 1994 – 2004 Mustangs as they almost filled the whole row! We were supposed to keep the electric charging stalls free for access, but we ultimately ran out of room when trying to keep all that class parked together. Sorry pizza boy, streets closed, find another way home! (to charge)

We appreciate everyone bringing out their pride and joy, as it would not be very successful day if we just left them all in the garage! However, the show would not be at all possible if it wasn't for the dedication of our volunteers, not only the day of the show, but the weeks and months leading up to our premiere annual event. Organization, trophies, logistics, supplies, tent set up, parking, registration, ballot counting, door prizes, memberships...the list goes on and on. I thank each and every one of you, and I believe we put on one hell of a show worthy of our 40th! Weren't those trophies amazing? Well

done, Jim! I would love to hear from anyone who may have suggestions on how we can make the show bigger and better for next year, send me an email or text.

sthomson@trecc.ab.ca

Lastly, a shout out to our great sponsors, who once again stepped up and made it all possible. As an executive, we chose not to pursue our sponsors for the Presidential this year due to their large commitments to the IMM right around the corner, but to no great surprise, they all contributed largely! Lakeview with the slushie machine (lifesaver on such a hot day!) Western Motorsports, Metro Ford, Wheel Xperts, Old is Gold, Dale Adams, Wright Restyling, and Venom all donated money or door prizes, ensuring a successful event. Thanks very much for your continued support and know that it would not be possible without your assistance. Legends, be sure to support those that support us! Meanwhile, if anyone is looking to donate some of their hard-earned cash to a worthy cause, I'm certain Lakeview will gladly take it to assist me in procuring a Godzilla for the '68 Coupe? Haha!

Continued...

Well, according to my count, that is two of the three milestones that were coming to us Mustang loving folk in 2024, and the largest is just a few weeks away! Yikes! I saw the email come out from Cindy on Monday saying that there are only 60 spots available and will certainly sell out prior to the registration deadline of Aug 26! If you haven't registered yet, you better get on it, or you'll miss out! I'm sure we are all getting anxious, but nowhere near as anxious as the committee! Look for additional IMM information in this newsletter!

As I type this, it is the eve of our general meeting in which it looks like we will finally be able to pull a cruise off for the first time in 2024. With rain and inclement weather on

all our cruise nights thus far, we've been forced to drive our daily's and stay in at the Legion drinking their cold beer...aww, shucks! While this newsletter is scheduled to come out after our general meeting tomorrow, it will be of no great surprise to anyone by then that we are planning to tour Stoney Trail in its 101-kilometer entirety as 2024 is the first year it has been fully completed and opened. I have traveled all parts of Stoney but have yet to do one complete lap at one time. I think it will be pretty cool!

This Sunday will be an IMM test drive out to Drumheller, Wayne, and Horseshoe Canyon, a very impressive drive. Unfortunately, I will not be here to participate, rather sitting by a pool in Vegas in 42-

degree weather, drinking margaritas and watching Monster Trucks, and partaking in the Bronco Off Road. Sucks to be me! Hahah.

Enjoy the sun and the smoke Legends, the next few weeks are going to be amazing! Hang on and get ready to go!

Alberta Mustangs Auto Club on Instagram!

Hey everyone, I am looking for submissions for the club Instagram account. Looking for photos of members cars at shows, or just out and about. If you have a story to go with it great, if not, no worries. The intent is to start a recurring, year round digital car show that shows off our members cars. Multiple submissions are welcome, though only one car will be posted at a time. I am also willing to meet up to take new photos if someone is looking to get some new ones for this summer. Please send submissions to abmustang-social@gmail.com. Instagram account can be found at <https://www.instagram.com/abmustangsocial/>

IMM Calgary Update

Hey Legends,

WOW — only a few weeks to go AMAC! Feels like yesterday when we started it all!

To date we have 455 cars registered, which means we are 90% sold out of show spots! If you have not registered, you should get on it!

Gary & Jim continue to work on the show site layout, car classes, vendor spots etc.. They have reviewed our car classes with the registered cars to date and set the final number of classes at 63. We have some really great cars registered! It is going to be a fantastic show!

We have started scheduling shifts for the volunteers, and we will send the schedule out within the next couple of weeks. There will be a parking meeting Sunday August 25th at 1 pm at the Deerfoot Inn for the parking volunteers, this will give you some idea of the show site and the work that needs to be done. We will also be meeting at that same time and place to prepare the registration packages.

Amanda has been very innovative in the party planning, so be ready for a really great time! If you bought 60's party tickets please get into the spirit with your outfit, it will definitely make the evening more fun!

Registration will be open the following hours, so please get to the hotel before Saturday to pick up your registration package and get your car teched! Arriving prior to Saturday makes the process easier for both you and our volunteers!

Deerfoot Inn: Thursday 2pm — 8pm; Friday 9am — 7pm; Saturday 8am — 10am

We want to once again thank the sponsors that have stepped up so far, these include Metro Ford, Lakeview Automotive, The Mustang Shop, Dale Adams, Western Motor Sports, Legacy Speed & Body, Napa, Infamous Aero, Wright Restyling Uniglass Plus, Lift King and National Transmission. Also thanks to Vacay Brewing for the beer at the Friday Night Social. Big thanks to Randal and his team - Lionel, Kevin & Gary.

Wright Restyling provides solutions to anything inside the door handles of any vehicle. We design and install Katzkin leather interiors with custom embroidered logos. We design, install and tune small to large audio systems. Integration to factory systems has become very important in today's tech rich vehicles. Our team is able to retain key factory systems, remove factory audio filters and provide a clean unfiltered baseline for audio upgrades. We can custom build sub boxes, consoles, door panels and speaker panels. With these services blended together, Wright Restyling can upgrade an entire interior with any of the desired comfort features available.

Feature upgrades available: Heated / cooled seats, remote starters, GPS tracking, laser and radar defence, interior lighting, blind spot, backup cameras, parking sensors, 3D printed custom panels, CNC aluminum and ACM.
