President's report A.K.A.

The Thomson Tribune

Quack Quack my fellow Mustangers!

The only good thing about the weather in Alberta is that it never ceases to give me something to write about. We are already quite accustomed to the typical sunny day, followed by thunderstorm warnings in the evening as the daytime heat causes humidity to rise and create unstable weather conditions. One just must go to the Calgary Stampede in the evening or be waiting patiently to head to Race City on a Friday night (when that was a thing!) to affirm this is true. However, what we are experiencing thus far in 2025 almost feels apocalyptic in comparison. It varies greatly depending on which website or area of the city you look at, with one site claiming we have gotten 172.4mm thus far, where some areas of the city like Evergreen have received 251.8 mm. Coupled with the 102.7 mm we received in June, it is undeniably soggy. Surprisingly also, this is nowhere near a record, which belongs to 1927 when 245.4 mm fell on Cow-

town during July. I wonder how many car shows were washed out that year? Oh, wait a moment....

It is definitive proof however that Mother Nature loves her Mustangs and Fords as we got the most incredible 12-hour break in the deluge to host our 41st Presidential! With sun breaking out, a 23-degree high, and some sunburnt faces, it was almost a perfect weather window in a weekend that saw torrential thunderstorms late Friday night and persistent rain on Sunday. While attendance was understandably down, there were 84 brave ponies/cars that came out to soak up some of the rays even tho the forecast said otherwise. For me, it should have been easy as I live two blocks away, but I got distracted drinking those wobbly pops at the Brewhouse after getting the parking lot back together and ended up driving the Roush home in the pouring rain. Sigh, at least it was clean for a few hours. Many thanks again to all our sponsors, volunteers,, spectators, and par-

ticipants for coming out! For those that couldn't attend, we did a unique theme this year in by staging the cars by colour as opposed to model/year/type. It was visually stunning, but who knew there were so damn many green cars? And so little white, and yellow ones? Resell red was the clearest frontrunner in numbers, as one would expect. Again, for those that were not there, you missed the inaugural showing of Jim's '68 Shelby GT350, however, don't fret as I'm certain we are going to see a lot of that car in the future, and more than likely from behind! Well done, Jim.

So, I've bored even myself, like there is only so much weather you can talk about, especially in a newsletter for a car club! Entering August, which is my favourite month of the year, and the busier stretches of the show season. With multiple back-to-back shows over the weekends after we get past August long, you will have plenty of choices coming your way!

Continued...

The Thomson Tribune, continued

First up will be the “Hoods on Horton” show at Branch 285 of the RCL on Sunday Aug 10. This is a perennial fav, and they are entering their 5 year hosting this event. This year, to honour our Canadian Peacekeepers, blue cars will be invited to park out front, with the red cars on the North side to once again Remember Everyone Deployed. For those that have attended previously, you will know they have as much going on inside the Legion as outside, and as such it is a rain or shine event. I really hope to see everyone come out to this one to support our veterans, our meeting homebase, and the recipient of the charitable donations we collect through 50/50 raffles at our events.

The following Saturday, Aug 16, is our brother clubba from another motha, the Calgary Thunderbird Club’s annual All -Ford Show and Shine hosted at the Braeside Community centre. Pre-registration is available on their website, and it is always an enjoyable show.

[Show and Shine Registration](#)

[Form - Calgary Thunderbird Club](#)

Last on this short list, but not even close to the least, is the Okotoks S+S on Sunday Aug 17. You have already seen the email regarding volunteering for parking detail to help one of our club members but now get ready to mark it on your calendars before it’s too late and you decide to go camping or something. Haha. This is hands down one of my favourite shows of the season, being able to park in downtown Okotoks amongst all the businesses, and Hub Town. (those who know, know) Like mentioned, some of us will be helping with parking in the morning hours, but will be free to lounge and check out the vast assortment of cars from all over the place. This one I have my fingers crossed that the weather is going to work out!

Weather, shows, sponsor plug...am I missing anything? I’m certain I have missed something really important but do have some trivial mustang knowledge to share with everyone. August 9th, 2025, has

been named National Fox Day as the third generation Mustang went into production in San Jose California on the 8th of Aug 1979 (hey Randal, I was 6!) a mere 45 years, 338 days ago! So, if you’re boarding a fox at home, that’s the day to get out of its cage and out on the road! Those interested in learning more about NFD, check out the Mustang Owner’s Museums website, or drive your way down to Concord, North Carolina!

[National Fox Day Event - Hosted by Foxy Events](#)

So, for those of you that are following my beer and ’68 Mustang disassembly and assembly process, (or saga) and perhaps judging ever so slightly, I’m happy to reveal that it’s now up to a 24-beer job, but the fenders, valence, head and signal lights, horns, and the rad/fan are now installed! Just have that pesky hood and grill left to go, even after grossly underestimating the whole beer-task relationship.....Oh well!

Til next time Legends!

Scott

AMAC Presidential

We had a colour coordinated show this year! Made for a fun event!

Thanks to all our AMAC Volunteers!

The coveted Teddy Award (most active AMAC volunteer) went to Mike Thibodeau. Thanks for showing up & helping out Mike!

Congrats to all the winners! Jim Bateman was the recipient of the KIWI Award and the Bill Saddington award (project car) for his beautiful 1968 Shelby.

July Brunch at Blowers & Grafton in Shawnessy

AMAC Brunches

Second Saturday each month

10 am

**For summer brunches stay
tuned to your email!**

Please note that finding a spot without a guaranteed number of attendees is not easy, and 40-50 people all seated at the same time can be challenging for any restaurant.

Please be patient and expect brunch to take a couple of hours!

ROCKWELL

FOOD + TAPS

Saturday August 9th (10:00am – 12:00pm) – Our monthly AMAC brunch at Rockwell Pub & Taps. Address: #5000 - 150 Millrise Blvd SW. Minors welcome! Hope to see you all there.

Please note that finding a spot without a guaranteed number of attendees is not easy and 30-50 people all seated at the same time is challenging for the servers and especially for the kitchen staff. Please be patient and expect brunch to take a couple hours. Thank-you.

Wright Restyling provides solutions to anything inside the door handles of any vehicle. We design and install Katzkin leather interiors with custom embroidered logos. We design, install and tune small to large audio systems. Integration to factory systems has become very important in today's tech rich vehicles. Our team is able to retain key factory systems, remove factory audio filters and provide a clean unfiltered baseline for audio upgrades. We can custom build sub boxes, consoles, door panels and speaker panels. With these services blended together, Wright Restyling can upgrade an entire interior with any of the desired comfort features available.

Feature upgrades available: Heated / cooled seats, remote starters, GPS tracking, laser and radar defence, interior lighting, blind spot, backup cameras, parking sensors, 3D printed custom panels, CNC aluminum and ACM.

Presenting the unexpected...
New Ford Mustang!

This is the car you never expected from Detroit. It is so distinctively beautiful it has received the Tiffany Award for Excellence in American Design, the first automobile ever to be so honored by Tiffany & Co. Mustang has the look, the fire, the flavor of one of the great European road cars. Yet it is as American as its name . . . and as practical as its price. Because Mustang is an amazingly versatile car and can be inexpensively tailored to the widest variety of individual tastes, many very different people will find it surprisingly easy to say: "This is the ideal car for me." Turn the page and you'll see why.

Alberta Mustangs Auto Club

Hey everyone, I am looking for submissions for the club Instagram account. Looking for photos of members cars at shows, or just out and about. If you have a story to go with it great, if not, no worries. The intent is to start a recurring, year round digital car show that shows off our members cars. Multiple submissions are welcome, though only one car will be posted at a time. I am also willing to meet up to take new photos if someone is looking to get some new ones for this summer. Please send submissions to abmustangsocial@gmail.com. Instagram account can be found at <https://www.instagram.com/abmustangsocial/>

Thanks! Ian B.
