President's report A.K.A.

The Thomson Tribune

Hello Mustang Fans! In spirit of the season, I have composed my own version of the Night before Christmas. I was compelled to do this rather than subject you all to the boring drivel that I normally spew forth, however please recognize that this is my first attempt at poetry since high school! Haha!

I would be amiss if I did not acknowledge the original authors, although in my research I have found who the original author was is often disputed, as it has been attributed to both Clement Clarke Moore, and Henry Livingston Jr over the years. It was though first published on Dec 23, 1823 in the Troy Sentinel newspaper in upstate New York.. Enjoy!

*Twas the night before Christmas, when in the Thomson house,
Not a V-8 was burbling, not even the Roush;
The Stangs were stored in the garage with care,
In hopes that Springtime would soon be there;
Their tanks are topped up with gas unlead,
While visions of ignition danced in each cylinder head;
Mama's '15, and the others covered in wrap,
Had been settled for a long winter season's nap;
When out in the garage arose such a clatter,
I sprang from the bed to see what was the matter;
Away to the door I flew like a flash,
Tore open the handle, to look at my stash;
The switch was hit to allow the fluorescents to glow,
Which gave a lustre of mid-day to my beloved FoMoCo;
When, what to my wandering eye should appear,
But Eric from the Mustang Shop, and a huge case of beer;
Plus tools including a driver from Snap-On, so sick,
I knew in a moment it is MY version of St Nick;
More rapid than beagles his helpers they came,
And he whistled, and shouted, and called them by name:
Now Joel, now Matt, let's get to some fixin,
Lowering springs, forced induction! So incredibly Vixen;
To the top of the lift, went the coolest car of them all;
now install, install, install them all!*

Continued...

The Thomson Tribune continued

*As Mustangs must have mods before they fly,
Money is an obstacle, which you cannot deny;
So up onto the lift his beagles they flew,
With a sack full of mods - and St. Eric too:
With me in the corner, I sat on the stool,
I heard the twisting and clicking of each little tool;
As I turned my head, Eric was all profound,
And down the lift he came in a single bound;
He was not covered in grease from head to foot,
As my cars are spotless and devoid of soot;
A bundle of take-off parts was on his back,
This car now leads at the front of the pack;
These mods - how they sparkled! So very cherry,
All sleek, especially up close, we are so merry;
Eric, his little brow was drawn up like a bow,
How can we now leave the others boring as snow;
Back at it he went, wrench held tight in his teeth,
Up, down, back all over including underneath;
A torque curve so broad, cars shook like they were made of jelly,
You can be sure they are faster than Martins Shelby;
Completed they are, putting the tools back on the shelf,
So excited, I could hardly contain myself;
A wink of his eye, filled me with dread,
This night was ending, and I hung my head;
He spoke not a word, as he had finished his work,
What had I done to deserve this awesome perk;
And away into the night went the pro's,
Leaving nothing but memories to disclose;
I sprang upright, as it hit me like a missile,
A dream it had been, so incredibly visceral;
But I heard him exclaim, although he was out of sight,
The Mustang Shop is open late every Thursday night!*

Merry Christmas to All and to All a Good Night—Scott

Merry Mustang!

Put a '69 Mustang under your tree. There's no smarter family gift than one of the exciting new Mustangs—Grandé or Mach 1.

Grandé is pure luxury with its hopsack and vinyl interior, wire wheel covers. Mach 1's the hot one with a 351 "cube" V-8, GT suspension. Either one's the Going Thing for Christmas!

See your Ford Dealer.

11 SIGNIFICANT CHANGES TO THE REFRESHED 2018 MUSTANG

From Motortrend Magazine (Stefan Ogbac)

The refreshed 2018 Ford Mustang has a new look, but under that new face is a slew of updates that improve its performance. Additionally, the car also receives updated tech and more features as part of the available Performance package. Here are 11 significant changes made to the 2018 Mustang inside and out.

Magnetorheological Shocks Are Available to All

Yes, that's right. Every trim level of the 2018 Ford Mustang is available with MagneRide dampers, which are now part of the optional Performance package regardless of the engine choice. Additionally, all refreshed Mustangs get new shock absorbers, a new cross-axis joint in the rear suspension and improved stabilizer bars for better ride and handling.

Updated Manual Transmission Comes Standard

Ford updated the standard six-speed manual transmission for both engine options, but the V-8-powered GT gets the most love. As part of the gearbox's update, a new twin-disc clutch and dual-mass flywheel has been added to help put power to the road better, and improve its responsiveness.

10-Speed is the New Optional Automatic

Replacing the old six-speed automatic in the Mustang is a 10-speed unit that Ford co-developed with cross-town rival General Motors. First appearing in the 2017 F-150 Raptor, the 2018 Mustang is the second performance vehicle to utilize the 10-speed unit in Ford's lineup. The automaker says that the new gearbox shifts quicker and has less friction losses, adaptive shift scheduling, multiple drive modes, and superior tip-in response at low speeds.

Continued...

2018 Mustang—Continued...

Direct and Port Injection for the Mustang GT

Even though Ford didn't disclose how many ponies the updated Mustang GT gained, it did say how it got them. The 5.0-liter V-8 now has direct and port injection, which should help improve its fuel economy, low-end torque, and power at higher revs.

A Soundtrack Exclusive to the Mustang GT

For maximum aural pleasure, opt for the Mustang GT and the optional active valve exhaust system. This will ensure that you hear the 5.0-liter V-8's song as you accelerate and revs rise, giving you lots of wonderful pops, crackles, burbles, and growls behind the wheel.

No, You Can't Have Six Cylinders

From the 2018 model year onward, a V-6 engine is no longer available in the Mustang as the automaker has discontinued the option. The EcoBoost 2.3-liter turbo-four, which has received some tweaks with the refresh, is now the base engine.

Extensive Personalization

Along with the performance upgrades, the 2018 Mustang comes with a host of new exterior colors and alloy wheel choices. One of the exterior colors, Orange Fury, is the car's new signature color and is one of three new exteriors — the other two being Royal Crimson and the ever popular Kona Blue, which returns to the Mustang color palette after a short absence.

Full LED Headlights Now Standard

Ford gave the 2018 Mustang redesigned headlight clusters that give the car a more aggressive front fascia. LED lighting is now standard across the entire lineup regardless of which engine you choose and even the available fog lights are LED units. To complement the new LED headlights, the 2018 Mustang also receives revised LED taillights.

Lower Hood Gives a More Aggressive Look

Ford lowered the Mustang's hood for 2018 to improve the car's aerodynamics. It also gives the car a more aggressive front fascia that distinguishes it from the pre-refresh model. The lowered hood also means the headlight clusters are thinner than before and the grille is narrower.

Customizable Digital Gauge Cluster

The pre-refresh Mustang featured a center display flanked by two analog gauges but for the 2018 model year, that has been replaced by a fully digital 12-inch display that can show more information. You're also able to customize everything from the color of your font, the information that's displayed, and the type of gauges displayed.

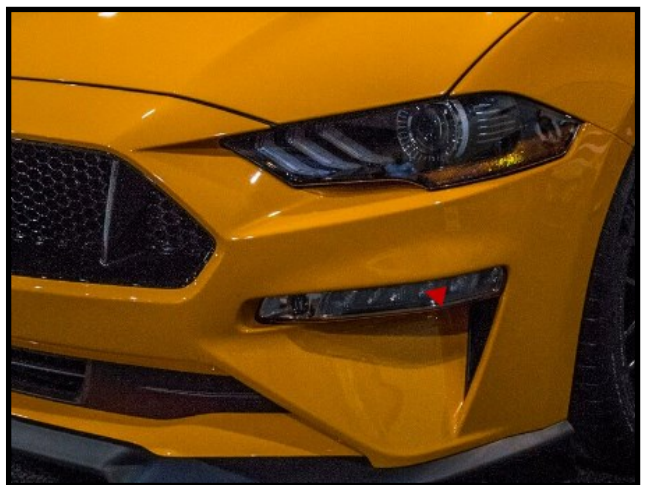

Continued...

2018 Mustang—Continued...

New Active Safety Features

Just because you're in a sporty rear-drive two-door doesn't mean safety has to take a back seat. For those who want more safety features, the 2018 Mustang has an expanded suite of optional active safety features that includes distance alert, lane departure warning, pedestrian detection, and the Pre-Collision Assist system, which combines forward collision warning and automatic emergency braking.

AMAC MONTHLY MEETING - MINUTES

OCTOBER 26, 2017

The meeting was called to order at 7:05 pm by President Scott Thomson.

Call out for new members, none tonight and 24 regular members in attendance.

Call out for new cars Brian Scarrow has a new 07 gt convertible and various members shouted out new parts and accessories for their cars.

Presidents Report/ Scott Thomson

Car shows have all wrapped up for another year. Already planning for the World of Wheels build. Plans for spring fling and presidential and the Christmas party. First up will be the Mustang Gallup in the summer probably to take place following Stampede, July 21/18. This will be a one day event with an overnight stay. Destination is planned and price tbd, with it being two persons per car. More details will follow via an email. Breakfasts over the summer went well ending with the last one at Perkins, most were well received. The breakfasts will continue at the Blackfoot INN for the winter months. Will look into having them vary over the summer with cruises.

Vice President Report/Stephanie Wouterse

Working on the next spring fling, details to follow and will be a bit later this year. Early December activities to be determined.

Treasurers Report/ Amanda Chomiak (S.Wouterse reported in Amanda's absence)

In account \$12546.78.

Membership/Ellen Hoard Report

160 paid members and 280 cars. New membership forms are available for the up coming year.

Special Events/Jim Bateman

Wow build is underway we have had a good response for volunteers which is great and unless you signed up the theme will be a secret till Feb. We would like pictures of club cars for the build and of good quality and will get the pictures back after the show. Looking into a place to get the pics done and a good price as it will be out of your own pockets. All years and makes are accepted and we will be choosing the best 21 to suit the build display. We are also looking for silver colored cars for the display this year. 1st build will be in the south at Jims. Send your details to Jim. Thanks.

Continued...

Apparel Report/Cindy

We have no director for this position as Cindy will be going back to doing the newsletter. This position is up for the new year. Any and all nominations accepted. Cindy will take care of this till the new elections and she has some t-shirts for 25.00. She also has some window stickers if interested.

Activities Report/ Steve Rubio

Working on next years presidential and has sent an email to Southview church and also has been contacted by Glenmore Inn to host a show. This is the 35th year and Steve is working on some new ideas and making some changes. Also looking for new ideas to freshen up the show. There have been a few conflicts with different shows happening on the same weekend and the idea of changing the show weekend have come into conversation. Would this help with our attendance. Ideas from the club members would be appreciated.

Show Director/Kevin Hoard

no report this meeting.

Break/selling 50 50 tickets

New Business/Scott

IMM 39 registration forms are available, will be held in Leduc next year. There will be elections next month and each position is up for nomination. The club charter will be brought in by Scott and all can review to make changes or revisions so that it will be ready for the AGM in March. Positions have changed and times have changed so revision to suit us in the present day is necessary. Mark Hopkins will draw up a draft. Back to elections there are a few positions that NEED to be filled. starting at Apparel, Sponsorship, Membership, Director at large. Keep all this in mind for our next meeting.

Bob Walker is the liaison for the Women's Shelter and needs someone to take the proceeds from the Christmas party to the shelter. All correspondence from the shelter have been going to Bob and he wanted to make it known that they really appreciate our support for all the donations that we have given them even though we as a club do not see the correspondence. Steve Rubio has volunteered to deliver to the women's shelter.

50/50 draw and door prizes, winners as follows:

Mark H route 66 hat, Nettie W club t shirt and 50/50 winner Jaime Hobbe 50.00.

Motion to adjourn meeting by Scott and seconded by Ron G carried, at 8:20 pm.

Vendor Recognition

Do you have a vendor you have recently used that gave you great value and service? If so, we would be happy to give them some recognition in our newsletter. Thanks to Ron Gorham for this great idea. Just email amacnews@shaw.ca with the vendor name and any info you want to pass on.

Precise Machine who rebuilt Ron's engine for his 99, sent a service Tech all the way to Claresholm the very next day to exchange a part which they had put in wrong. Took 3hrs to do. Their warranty was to have the engine returned, but they waived this. That is great customer service, mistakes happen but it is all in how it is handled in the end to make it right.

PARTS FOR SALE:

1967 Mustang floor console for Standard transmission for sale. **Black** with silver trim. Complete and in good condition. Asking \$400.00 obo. Contact Mike at (587) 586-7894 or email miwaniuk@shaw.ca . (Nov)

Used Shelby GT mufflers (axle back) to give away to someone who can use them. These should **fit any Mustang GT or Shelby from 2005 to 2009**. After renting a Hertz Shelby GT in Vegas, I bought these new in 2009 and ran them on my Mustang GT for two years, and then on my GT500 for one year after that. The rear hanger on the left muffler started to come loose in 2012, so before it broke off I replaced both mufflers. These have been in a box taking up storage space ever since. It would be a shame to throw them away since someone with basic welding skills would be able to easily repair the hanger and have a perfectly good set of great sounding and looking mufflers. Email Gary at a429cj@shaw.ca .(Nov)

1965 Mustang parts; Windshield washer bottle \$10.00, 6 tail light chrome pieces \$10.00, Auto Trans shift cover plate \$ 15.00. **1967-68 Mustang parts**; Rear painted rear bumper \$30.00, 2 Front bumperettes, \$15.00, chrome front bumper \$40.00, Ladder bars \$30. Contact Brian at (403) 720-2002 or bscarrow@shaw.ca . (Aug)

What is the Silver Wheel Plan™?

Our Silver Wheel Plan™ is specifically designed to fill insurance needs of Antique, Classic and Special Interest automobile owners*.

Special Benefits include:

Plan is available for non-modified vehicles used for hobby and/or collector car activities, and not used for regular transportation, in two Categories: Antique & Classic for automobiles 20 years and older, and Special Interest for automobiles 15 to 19 years old.

No Claims Bonus - 5% per year to a maximum 15%

Automatic coverage up to \$25,000.00 on newly acquired and replacement vehicles (Silver Wheel to be notified within 30 days.)

AMAC is proud to help raise funds for two great charities:

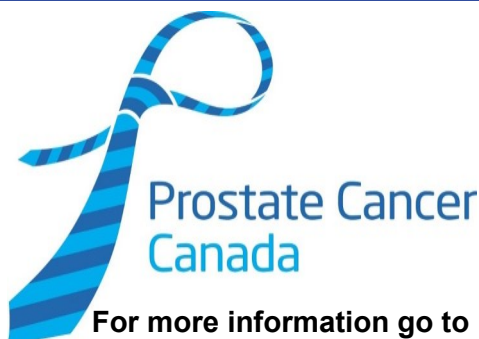

AMAC events are partly in support of the Calgary Women's Emergency Shelter. Fund raising for this wonderful agency will now be a part of each of our events. This means when you participate in a club event part of your admission or registration costs will go to the Shelter. One more great reason to participate in AMAC activities.

The Calgary Women's Emergency Shelter is a nonprofit agency that provides emergency shelter for women and children escaping domestic violence. We also offer support and prevention programs
