President's report A.K.A.

The Bateman Banner

Hi all.

Here we are, a new year and a new Executive team for 2020.

I am having a flashback to years ago when our AMAC membership was much smaller and most of those members owned only classic rides, and I was President of this amazing car club. I enjoyed that time as President and look forward to working with our Executive team this upcoming year.

I would like to thank Scott Thomson for his dedication and commitment as President of our car club, and thanks to Stephanie in the role of Vice President for her new ideas and many hours of coordinating events. Their leadership was certainly appreciated by all. Thanks to our other Executive members that stepped down this year and to the members that have taken on new roles.

This years Executive welcomes Don Horn as our new Vice President, and Julie Turcotte and Ian Butterworth as our new Directors at Large.

2020....we know that things always change, yet the basic principles remain the same, Mustangs and Fords are our passion. The blue oval line of products that is the glue for our membership and brings together an amazing group of people to share time with and

establish lasting friendships.

Please join me with a big thank you to **Cam Clark Ford** as they really stepped up as our major sponsor and donated 1600 square feet of flooring for our club World of Wheels displays.

Many years ago we wanted our World Of Wheels club display to stand out from the other clubs, so we purchased several cases of 1'x1' floor tiles. Wade Besler then made the wooden carry cases for the tiles that we stored in the AMAC shed. Each February we would bring out our strongest members to load these very heavy boxes into the trailer for the show. Jean-Yves was always more than happy to add to his workout and load these tiles for us, until he moved back to the sunny west coast. We decided that these tiles had to go and they were sold on Kijiji by Ken Werner and funds returned to the club. The donation from Cam Clark Ford is now ready to debut at our 2020 display, and we look forward to working with them for years to come.

The World of Wheels is moving along under the direction of Steve Rubio, Chris Cook, and Gary Chomiak. There have been many builds and lots of attention to the theme of this year's display. Steve will be asking for members to volunteer to assist during the show for short shifts from February

21st to 23rd, if you haven't done this before give it a try this year.

Can you believe that a 52 year old rusty and dented green Mustang sold for 3.4 Million dollars US at Mecum Auction in January? The fact that Steve McQueen sat in this car and drove it without smashing it up like he did the other duplicate car, makes it hard to conceive that someone would actually pay that much money to own it. This is of course is the "Hero car" from one of the greatest chase scenes ever filmed, it was hidden from the public for many decades and considered the Holy Grail of the automotive world. The star of the movie *Bullet* was a 1968 Mustang in Highland green paint, 390 GT V8 power plant with a 4 speed transmission, (No automatic transmissions here, sorry Gary!!). Steve McQueen as the co-star of this 1968 film (where the best part of the movie is the chase scene) was upstaged by a Mustang, ok I can see why it is worth that much.

Looking forward into 2020, we already have many club events planned for this year and I know we are all hoping for more sunny warm days than last year.

I am looking forward to seeing you soon.

Jim

My Magnificent Mustangs 1975-2019 Cont'd

By: Don Horn—AMAC's new 2020 VP

Continued from the December newsletter

2016 - Our Fifth Mustang a 1968 GT Fastback

Bought this 1968 GT Fastback from an AMAC member in 2016. The car was an older restoration but was very well done. We did a little TLC to get it to our standards. This was a gorgeous fastback and a great cruiser. It was sold to a car guy in 2017.

2016 - Our Sixth Mustang a 2005 GT Convertible

Bought this Legend Lime GT in the spring of 2016. The previous owner had done a lot of mods, so it was a turnkey for us. We put over 12,000 km on her by driving Route 66 from High River to Santa Monica in the fall of 2016. Great touring car. Sold the car in 2017.

My Magnificent Mustangs 1975-2019 Cont'd

2019 - Our seventh (& current) Mustang a 2019 Shelby GTH

We factory ordered a 2019 Mustang GT from Ford and had it shipped to Dale Adams for the Shelby GTH (Heritage edition) modifications. This is the first 2019 Shelby GTH in Canada and since there have been 2 others. In the USA you can only buy one from a Ford dealership. Pushing just shy of 500 horse power without a super charger, she is one incredible driver.

Big thanks to Don for this fun story, he is one solid Mustang guy!

On April 14 I took a red eye flight, leaving Calgary at 12:30 am, arriving in Toronto at 6:30 am local time. I rented a car and drove to Hamilton, arriving at the Warplane Heritage Museum about an hour before the doors opened. I took the time to go and have breakfast and a couple cups of coffee.

When I finally walked through the open doors, there, front and center was the display I went to see. (insert pic 1) There was the Barrie Poole sitting at a table signing anything anyone wanted. Beside him to his right was the original restored '71 Mercury Coment Pro Stock car. It is now owned by Ivan Landry From Windsor Ontario.

To Barrie's left is the replica Pinto Pro Stock owned by Bob Maxwell.

I sat and talked to Barrie for about 45 minutes, getting answers to a list of questions I brought with me about the '69 Mustang coupe Super Stock car he drove. I also had him sign a couple posters, a T shirt, my Sandy Elliot '68 Mustang die cast, and a '69 Mustang glove box door. He was very accommodating and gladly signed many things for anyone that stopped by. Barrie's wife Alice invited me to come see Barrie's basement with all his memorabilia...including 2 Wallys, next time I get down to Niagara.

In Picture 1, Barrie is seated, Bob Maxwell is in the white T shirt, with Ivan Landry and myself.

I spent about 4 hours wandering, looking at pics from St. Thomas Dragway, Windsor Dragway(now gone), and Dragway Park in Cayuga (now Toronto Motorsports Park).

I also met up with Dave "Too Tall" Turner, whom I had last talked to in about 1982 when I was a member of SAAC. He had his current rife on display, a '72 Mustang.

The show was great and I highly recommend it as well as the great setting of the museum.

Thanks to Ken Werner for this story

From the AMAC Archives...

2008

AMAC took home the club participation award in 2008 in Saskatoon. We're "running back" to Saskatoon this year, let's do it again!

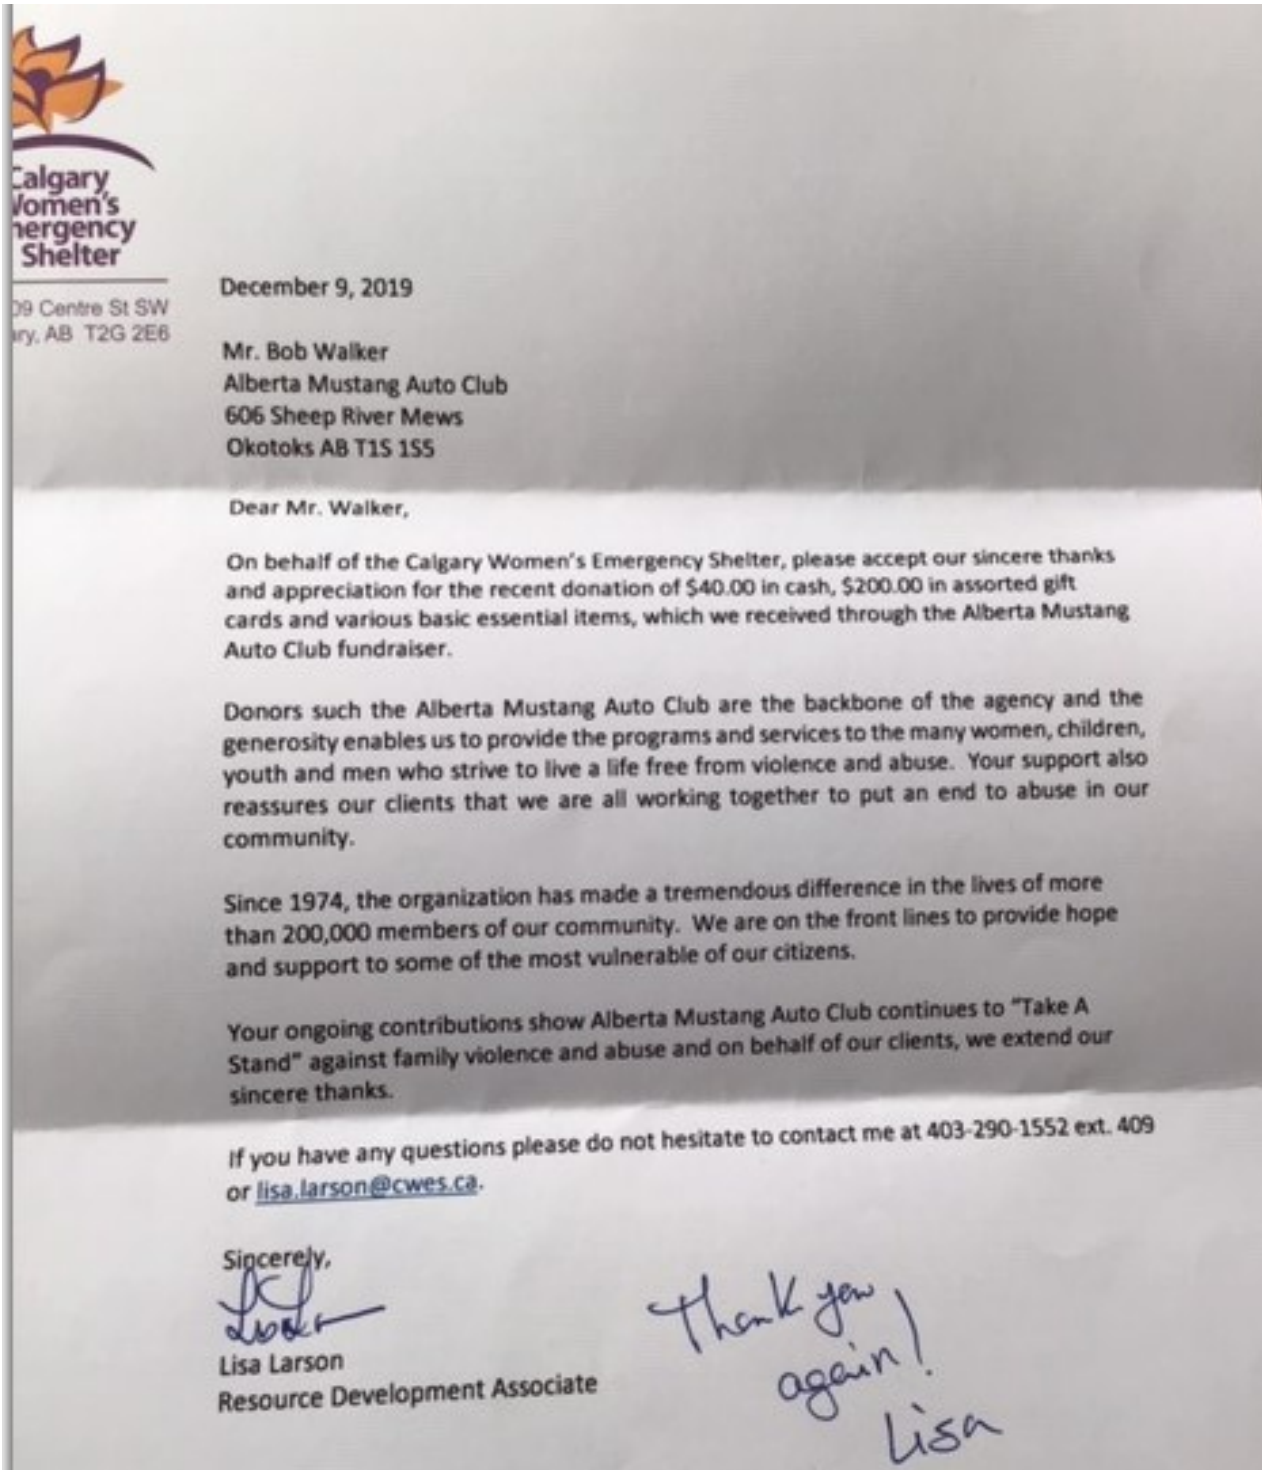

2009

Our 2009 Poker Run was a big event that year. We had about 30 cars participate. Our picnic was in George Lane Memorial Park.

AMAC received this nice letter from the Calgary Women's Emergency Shelter through our liaison Bob Walker. Bob thought it would be nice to share it with all of you. This is for the donations made from our Christmas Mixer, AMAC also donated over \$1100 throughout 2019 from proceeds of 50/50 draws and the Presidential BBQ. Thanks AMAC for your generosity!

Carroll Shelby Presents The Road Cars... G.T. 350 and G.T. 500 for 1967

Do you agree with Carroll Shelby that good driving is a fine art? Then these all new 1967 Shelby GT cars are custom-crafted for you. By incorporating his competition-proved design and engineering features in the Mustang, Carroll Shelby has created two unique road performers that carry the lowest price tags of any true GT cars.

The GT 500 features a brand-new Cobra LeMans dual 4-barrel engine, developed from the V-8 that powered the 1966 LeMans winners. GT 350 power comes from the high performance Cobra 289 with free-breathing Shelby induction and exhaust, All-synchro four-speed box

or heavy-duty Cruise-O-Matic are optional on both cars.

These goodies make your Shelby GT one of the safest cars you can drive: Massive disc front and air-cooled drum rear brakes, Shelby-modified suspension for 30% less cornering roll. Crisp 16-to-1 power steering*. LeMans-proved wide tread nylon super-safety tires. Integral roll bar*, double shoulder harness*, quick-release seat belts and eye level brake and turn indicator lights.

Naturally, you'll find true GT features. Unique Shelby styling. Luxury interior with bucket seats, complete instrumentation, wood-rim steering wheel, folding rear seat*.

You should expect a lot from a

car built by America's first F.I.A. World's Champion. You'll get all you expect when you drive a Shelby GT 350 or GT 500. One is waiting at your Shelby dealer's now.

SHELBY G.T. *350 and 500* **The Road Cars**

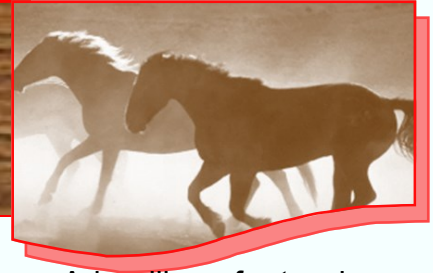

Powered by 

Shelby American, Inc., 6501 West Imperial Highway, Los Angeles, Calif. 90009. Builders of the Cobra, Manufacturers of Cobra high performance parts and kits.

*optional at extra cost

CARS FOR SALE:

- **1969 Mustang Grande**, 351W-2V, Auto. **26,000 ORIGINAL MILES**. This car is a **TRUE Survivor**. We are the second owners. The car is originally from Vancouver. We bought it from the owner who ordered it and have all the documentation. This includes a Dealer Brochure that he and his wife had checked off which options they wanted. Also have the wind-breaker Jacket, still in the bag, never taken out, as well as the Bill of Sale from the dealer. It is Original paint (Dark Blue with a White vinyl roof) Chrome etc. which is all in very good condition and shows very well. The interior is the Blue Grande

deluxe cloth, and has had no one in the back seats that we know of. Dash pad is perfect which is rare for a 50 year old car. Only changes from original are the exhaust system, water pump and thermostat have been replaced. There are not many Mustangs around in this **ORIGINAL condition** that are Canadian cars. It has been kept in a heated garage in Alberta for the last 17 years and driven very little. For photos and additional information, please contact the Sellers. Asking \$27,000 Cdn. Sean or Jody at brownjs@shaw.ca or (403) 280-6639 .(Jan)

- **1995 Mustang Convertible**, V-6, Automatic. White exterior, Black top. Transmission rebuilt. New convertible top. New brakes, exhaust, tires, coil springs, and emergency brake cables. 172,000 km. Asking \$2900.00. Contact Richard at (403) 275-7778 .(Sep)
