President's report A.K.A.

The Thomson Tribune

Hello Mustangers! Welcome to what I believe is the dreariest time of the year for us petrol loving gear heads. As I'm writing this, our Mac's desktop picture of our 3 "Stangs all posed pretty, awash in beautiful, glorious, and warm sunshine is ever present. Meanwhile over my left shoulder I can also see the 10cm of snow that I'm preparing to go out and shovel off our sidewalk and driveway. Although an oxymoron is defined as a figure of speech in which apparently contradictory terms appear in conjunction, I feel like I'm living in the physical manifestation of the term. Sigh....

Although the weather is not favourable to take our steeds out for a rip, it is an exciting time of the year. Christmas is upon us along with all the parties, families, and the usual festive hustle and bustle. Shopping, booze, and food - nothing

wrong with that! The Flames are top of the division, the Stamps winning Grey Cup (third times the charm!) and Black Friday on Amazon.ca!!

While we all look forward to turning the calendar to 2019, the last year for AMAC was a great one! We had some very successful events, although Mother Nature was not the most helpful, lol! In the end we were only able to partake in only one cruise night, in which weather was questionable right up to the last moment and was also the Thursday that everyone left for IMM, thus making it an instant success although only 6 cars showed up. The Presidential was completely rained out, but we still had 102 brave souls subject their pride and joy to the weather gods - good on ya! The Gallup was an instant success, and everyone had an awesome and unique time! Thank you to

all those that participated and volunteered their valuable time, as none of it would have been possible without you!

I'm so looking forward to 2019 as it will be an epic year! First and foremost though, we have to lose this silly white stuff laying all over. (Sorry Bob, maybe if we can fit the Stang's with skis?)

Speaking of which however, it's been 23.5 hours since the snow stopped, and my neighbor has city bylaw on speed-dial. Better get out there and get-er-done. Double Sigh!!

Merry Christmas, and Happy New Year all!

Scott

1966 Ford Shelby GT350H is a barn find gem

Just when it appears the world has run dry of barn finds, the internet doesn't disappoint. The latest discovery is none other than a 1966 Ford [Shelby GT350H](#), and the car has sat parked in a garage for three decades.

[BarnFinds.com](#) reported on the special Shelby on Wednesday, and it was reportedly found in an elderly woman's garage where it languished for years. We don't have much information on the car's life, but at one point, it was involved in a wreck. We can see a few body panels that don't match and a different color door on the driver's side. Whoever had been working on the car was almost finished.

As for the "H" in the [GT350](#)'s name it denotes this was a Hertz Rent-A-Racer Shelby Mustang. The cars featured a black exte-

rior with golden stripes and a Cobra 289-cubic-inch V-8 engine. The mill produced 306 horsepower and 329 pound-feet of torque, which made the Shelby GT350H one heck of a rental car back in the day. The promotion was intended to put drivers behind the wheel of the car with the hope they would end up purchasing Shelbys of their own after the rental period.

The Barn Finds story has no information about the owner. Whoever owns the car (or will soon own the car) has stumbled upon something quite valuable. A quick search of GT350H models for sale shows \$150,000 prices. Granted, this one will need quite a bit of work before it can fetch such a sum, but it has potential. Hopefully, the car falls into the right hands and it's returned to its former glory.
